

Healthy Weight Photo Library

Introduction

The Healthy Weight Photo Library contains over 400 photographs depicting healthy lifestyle activities and scenes from across the South East region. The photographs are made available free of charge to all those in the public and voluntary sectors working on promoting healthy lifestyles in the South East, for use in marketing and promotion materials, and corporate publications.

How to obtain photographs

The photographs are available to view via Flickr in order for you to decide which ones you would like to use. Once you have decided, please complete the Image Use Declaration Form (IDF) below and return it to the Department of Health South East at the address stated. Once your IDF has been received and approved the high resolution photographs will be sent to you either by email on a CD.

Infant feeding photographs

The Healthy Weight Photo Library also contains infant feeding photographs, including photos of mothers breastfeeding. All those pictured have given their consent for photos of them to be included in the library, but due to the sensitivity of some of the images, it has been decided not to publish them on Flickr. If you would like to see the photos and potentially use them, please contact: claire.williams@dh.gsi.gov.uk

Condition of use

The Department of Health South East's intention is that the photographs in the Healthy Weight Photo Library be used to support the promotion of healthy lifestyles. The photographs may not be used in any way that undermines the promotion of healthy lifestyles.

Copyright statement

The copyright of the photographs in the Healthy Weight Photo Library belongs to the Department of Health South East. The photographs may not be reproduced without prior permission from the Department of Health South East.
